Day one visit to Zwickau, Germany. Region 6 member was in company of Gerhard GOLDBERG, retired police officer and member of IPA Zwickau. We visited the German Agricultural Museum in Schloss Blankenhein, some 20 km from Zwickau. Viewed many home made tractors in different sizes, assembled from Trabant engines or even motorcycles. On display were also the later produced models prior to the fall of the Berlin wall. Zwickau was located in East-Germany and some farmers had to be creative to come up with their own contraption to work their land. The yellow dust cropper on display is a Czech made plane. Of course, after such arduous exploration, one must share a sudsy product in good company. I would like to thank Joachim BLITZ, president of IPA Zwickau, who was kind enough to assign several IPA members as my guides and in making my short stay a memorable one. Thank you also Uwe MARTIN, Adam SLABI and Hans-Jurgen OESER.

Region 6 member on a visit to the "August Horch Museum" in Zwickau, Germany. I am indebted to Hans-Jurgen OESER, retired police officer and member of IPA Zwickau, for his time and patience for having guided me around. This car museum is one of the best I have visited and recommend it highly.

After a visit to the "Horch car museum" in Zwickau, Germany with as my guide Hans-Jurgen OESER, member of IPA Zwickau (white shirt), Region 6 member (red shirt) had the opportunity to share a cold beer and a meal with retired police officers.

My visit to Zwickau

Hello Joachim,

I am letting you know that I had a wonderful time during my stay in the city of Zwickau. I am most grateful to your IPA Zwickau delegation that gave me the opportunity to visit interesting points such as the museums, sample the culinary art and taste the crafty local beer. My thanks go to Uwe MARTIN, Gerhard GOLDBERG, Hans-Jurgen OESER and Martin KUSTER for having given their time to be with me on short notice. I must commend them for their dedication and IPA Zwickau should be proud of having them as members.

I have posted several photos and brief comments on my personal Facebook and that of Region 6 IPA Canada Section and so far they were well received by my IPA friends in Canada and in Europe.

My journey continues and am presently in Herzogenaurach near Nuremberg attending a special international meet organized by IPA Erlangen.

Once again, thank you Joachim. I wish you a speedy recovery.
